REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: as indicated in the previous reasons for allowance, the prior art does not teach a method where a conductive material is deposited on a workpiece in the lower section of a chamber, moving the workpiece from the lower section to the upper section and cleaning the workpiece in the upper section of the chamber. Schild et al (US 5,569,330) cited on the IDS filed 1 September 2004 does not teach this feature. Schild et al teach performing a chemical treatment and subsequently a cleaning step while the workpiece is not moved. Therefore, the present claims are still allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
